

Preston Windrush Generation & Descendants UK (PWGD UK) began when the daughter of our founder, Sekeena Kydd, had her passport application declined for a school trip to Spain in July 2019.

This began an investigation into what would reveal to be a much wider problem affecting many more people's immigration status in different ways. Since then, Sekeena Kydd and Glenda Andrews have worked tirelessly to support the victims of the Windrush Scandal and all those who have found themselves affected by the 'hostile environment'.

PWGD is part of a network of grassroots support groups across the UK. Working with prominent figures and officials to defend our right to exist peacefully in this country.

WHO ARE WE?

Preston Windrush Generation & Descendants UK (PWGD UK) Advocacy Services exist to provide a **FREE, independent** and **confidential** service for people who need independent advocacy support since the Windrush/Commonwealth Scandal.

We work to secure people's citizenship, compensation and human rights claims. We seek reform of the 1981 Immigration Act in relation to birth rights and citizenship, with a 'Windrush Act', to build a better future for EU nationals, Commonwealth citizens and their descendants.

WHO CAN WE HELP?

Anybody who has been unfairly affected by the government's immigration policy; **Victims of the 'Windrush Scandal' the 'hostile environment' and post-Brexit EU migrants.**

Do you have questions about your human rights, birth rights, your situation, how to claim compensation or how the Immigration Act may have affected yourself and your family?

Our research shows that many people are fearful of coming forward, putting off checking their status, or applying for citizenship. Utilising our process and experience PWGD UK can assist individuals, communities, businesses and organisations with services bespoke to their unique needs.

HOW WE HELP.

We believe in a method of true support, both physically and emotionally. PWGD will be there with you at every step of your journey to a stress-free future. In voice and in person, with our advocacy service we can be there with you at difficult appointments so that you are not alone in this struggle.

As victims ourselves we relate in ways the authorities can not. Meaning we will help maximise your compensation claims and guide you through the process.

With our extensive network we are able to refer you to solicitors and individuals who can help you with the intricacies of your case.
